|                    | October            | 0.00                          |
|                    | November           | 0.00                          |

**Remaining Appropriation:                      \$68,182.99**

DAS-SAE rarely receives a claim for this pay differential. However, we remind departments at the first of each calendar year that the program is still active and money for the differential is still available. Also, the Financial Managers and Business Managers of departments are reminded each quarter by DAS-SAE staff when they attend their quarterly meetings. Since the differential became available, few claims have resulted in a pay differential because the employee is usually paid more by the Department of Defense than they would have been paid by the State of Iowa in their civilian position.
